

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

HOW DOES YOUR STATE STAND?

The following table shows the rating of each state association, by percentages, in a comparison of the membership with Journal subscribers for the month of September:

Between 90% and 100%

Oklahoma

Between 80% and 90%

Mississippi

Between 70% and 80%

Florida, Alabama, Wisconsin

Between 60% and 70%

Kentucky, New Mexico

Between 50% and 60%

Pennsylvania, West Virginia, Indiana, Ohio, South Dakota, Illinois

Between 40% and 50%

Kansas, Iowa, Virginia, New Jersey, Maine, Nebraska, Arkansas, New Hampshire, South Carolina, North Carolina

Between 30% and 40%

Massachusetts, Arizona, Delaware, Idaho, Georgia, Michigan, Nevada, Oregon, Texas, Minnesota, District of Columbia

Between 20% and 30%

Montana, Wyoming, Vermont, Rhode Island, Missouri, Connecticut, Washington, Colorado, New York, Maryland, Louisiana, Tennessee

Less than 20%

California, Utah, Hawaii

SPECIAL THREE MONTHS' OFFER

TO ALUMNAE ASSOCIATIONS: We offer you the privilege of soliciting subscriptions for the *Journal* at the regular price of three dollars (\$3.00). Retain fifty cents (50c) to be used for your Scholarship Fund, your Relief Fund, or to take care of the increased annual dues of the American Nurses' Association. By this arrangement there will be at least three beneficiaries—the nurse, the association and the *Journal*.

This offer is made for THREE MONTHS ONLY, from October 1st to December 31st. Think it over; appoint your representative; send us her name and we will forward instructions. Act quickly! Time flies!

This Healing Toilet Powder **Frees children's skin from soreness** and prevents it from becoming thus affected.

Because it contains healing antiseptic, and disinfecting ingredients not found in ordinary talcums.

During 25 years mothers and nurses have found nothing to equal Syke's Comfort Powder to clear the skin from chafing, inflammation, eruptions, rashes, infant scalding when used regularly after bathing.

For chafing of fleshy people, irritation after shaving, skin soreness of the sick it gives instant relief. Refuse substitutes because there is nothing like it.

FREE Trial Box Sent to Nurses

Tin box. 30 cents.
Glass jar, with puff, 60 cents.

Mellin's Food

is a soluble, dry extract, made from wheat, malted barley and bicarbonate of potassium. The starchy portion of the wheat and barley is transposed by the natural enzyme—malt diastase—into the soluble carbohydrates

Maltose and Dextrins

During the process of manufacture the protein of the grains as well as the salts that are present in the covering of the grains are retained and the bicarbonate of potassium is added. By further manipulation and subsequent evaporation the whole is reduced to a dry powder which consists of definite proportions of maltose, dextrins, proteins and salts.

Mellin's Food is a means to aid the physician in modifying fresh cow's milk for infant feeding.

Mellin's Food Company,

Boston, Mass.

DR. TALLANT'S

TEXT-BOOK OF

Obstetrical Nursing

By Alice Weld Tallant, A.B., M.D., Professor of Obstetrics, Woman's Medical College of Pennsylvania; Obstetrician-in-Chief to the Hospital of the Woman's Medical College; Gynecologist and Obstetrician on the Visiting Staff of the Philadelphia General Hospital, etc. 12mo, 291 pages, with 116 engravings.

Cloth, \$2.25 net

The outcome of several years' teaching of nurses in the hospital of the Woman's Medical College, considerable space is intentionally given in this book to the general subject of obstetrics. From the questions of her classes, the author found that it was of great interest and value to them as a background for the more practical side of their training. The book is particularly rich in pre-natal and post-natal work and throughout shows clearly the work of the nurse both in the private house and hospital.

----- COUPON -----

LEA & FEBIGER

706-10 Sansom Street

PHILADELPHIA

Send me Dr. Tallant's Obstetrical Nursing, \$2.25.

Book Department

This department serves as a distributing bureau of nursing and medical books. If the book you want is not listed, we can get it for you. Be careful to send the correct title and the author's name. Prices are the same as those charged by the publishers, but the trouble of writing the different firms is avoided. Payment should accompany the order, remittances being payable to THE AMERICAN JOURNAL OF NURSING.

ACCIDENTS AND EMERGENCIES

What To Do in Cases of Poisoning, Murrell, \$1.25.

The Outline of Science

Complete in Four Volumes

Edited by J. Arthur Thomson, M.A., LL.D.

The Only Work of the Kind

Which combines simplicity with completeness. All of the marvels of our world, all of the scientific discoveries since the beginning of time are here explained and described in simple non-technical language. Always fascinating, often startling in its clear exposition of many of the more recent scientific discoveries.

For Every Nurse

A Trip Through the Wonderland of Science

She can see for herself the marvels that have always been so puzzling and mysterious—learn truths about man's knowledge of science that rival the wildest flights of imagination—read of all scientific achievements since the world began.

Nearly 1,000 Magnificent Illustrations

Including 37 superb color plates help to make clearer the wonders described in The Outline of Science. These illustrations form in themselves a valuable and interesting collection of scientific material.

**Greeted Everywhere with Enthusiasm by
Layman and Scientist Alike**

With such comments as “Should be read by every human being,” “Easy and delightful to read,” “Understandable and fascinating,” “Of inestimable value,” “The best investment,” “A publishing achievement,” “The most comprehensive work,” “The guide that layman seeks,” “A scientific education,” “Long needed,” “Of supreme importance,” “A true public service,” “unimpeachably accurate.”

Examine This Wonderful Work

See how it will round out a nursing education by bringing nurses in touch with those branches of science which of necessity cannot be included in the curriculum. Judge its value not only to nurses, but to other members of your hospital staff.

Sent on Approval

The four volumes of the Outline of Science will be gladly sent on approval for ten days' examination to any accredited hospital on application from the Superintendent. If it is wished to keep them the item may be settled as usual when funds are available.

Price each volume.....\$ 4.50
The four volumes..... 18.00

TRAINING SCHOOLS

One inch space, single column, one insertion, \$3.00. Copy must be received on or before the 10th of the month to insure insertion the month following.

THE NEW YORK NURSERY AND CHILD'S HOSPITAL

Offers affiliations to recognized training schools which desire special training for their pupils in obstetrical nursing or pediatric nursing. Each course is for three months; a very thorough training is given in each service. A combination course for six months is also offered. A diploma is given at the satisfactory completion of the course.

POST-GRADUATE COURSES

The above courses are offered to a limited number of graduates of recognized training schools. A remuneration of \$25.00 a month is paid to those taking the post-graduate courses.

For detailed information, address Superintendent, New York Nursery and Child's Hospital, 161 West 61st Street, New York City.

The Chicago Lying-In Hospital

offers a four months' post-graduate course in obstetric nursing to graduates of accredited training schools connected with general hospitals, giving not less than two years' training.

The course comprises practical and didactic work in the hospital and practical work in the out department connected with it. On the satisfactory completion of the service a certificate is given the nurse. Board, room and laundry are furnished and an allowance of \$10.00 per month to cover incidental expense.

Affiliations with accredited training schools are desired as follows: A four months' course to be given to pupils of accredited training schools associated with general hospitals. Only pupils who have completed their surgical training can be accepted. Pupil nurses receive board, room and laundry, and an allowance of \$5.00 per month. Address:

Chicago Lying - In Hospital
426 East 51st Street, Chicago, Ill.

PEDIATRICS—The Children's Hospital of Philadelphia offers a four months' Post-Graduate Course in Pediatrics to properly qualified nurses who desire special training in preventive and curative work with children. A theoretical course correlates with the practical work on the wards and is repeated for each group. For detailed information address Superintendent, The Children's Hospital of Philadelphia, 18th and Bainbridge Streets, Philadelphia, Pa.

POST-GRADUATE TRAINING SCHOOL FOR NURSES.

The Massachusetts Charitable Eye and Ear Infirmary, 233 Charles Street, Boston, with a capacity of 219 beds, a large out-patient department, and a nurses' home beautifully situated on the Charles River, offers three courses to a limited number of graduate nurses of any general hospital training school furnishing proper credentials.

The first course, of sixty days' duration, is devoted exclusively to eye, ear, nose, and throat work; the second course, of ninety days' duration, covers the work of the first course and includes instruction in Social Service Work; the third course, of five months' duration, covers the work of the former two courses and includes instruction in executive hospital management.

Nurses completing any of the courses and passing a satisfactory examination will receive a diploma and a small monetary remuneration.

Application blanks and further particulars will be furnished on request. Address all communications to FREDERICK A. WASHBURN, M.D., Superintendent.

PENNSYLVANIA HOSPITAL MENTAL AND NERVOUS DISEASES

4401 MARKET STREET, PHILADELPHIA, PA.

Offers a four months' post-graduate course in PSYCHIATRIC NURSING, including opportunities afforded by large neuro-psychiatric clinic. Allowance of \$30.00 per month and maintenance. For information write Supt. Nurses.

THE PHILADELPHIA HOSPITAL FOR CONTAGIOUS DISEASES offers a Post-Graduate Course of three months to graduates of registered schools for nurses.

Students have fifty-two hours of duty weekly.

The compensation allowed is \$42.00 per month, board, room and laundry.

Dates for entrance are October 1st, January 1st, and April 1st.

For information apply to the Supervising Nurse, Philadelphia Hospital for Contagious Diseases, 2nd & Luzerne Sts., Philadelphia, Pennsylvania.

OBSTETRICAL NURSING — POST-GRADUATE. The St. Louis Maternity Hospital offers a three months' course in Obstetrical Nursing to graduates of approved schools. Affiliation with accredited training schools may be arranged. For information, address Supt., St. Louis Maternity Hospital, Washington Blvd., St. Louis, Mo.

STATE OF ILLINOIS Department of Public Welfare

The Illinois State Training School of Psychiatric Nursing offers a six months' post-graduate course of lectures and practical instruction in the care of mental and nervous cases to registered nurses from accredited schools. The course includes psychiatry, with clinics, psychology, hydrotherapy, occupational therapy and amusements. The field work is performed in wards reserved for the pupils of the school, and accommodation is provided in the home set apart for the training school. A certificate is granted upon the successful completion of the course. Allowance, \$35.

For further information, apply to Superintendent of Training School of Psychiatric Nursing, Chicago State Hospital, 64th and Irving Park Boulevard, Chicago, Ill.

THE LYING-IN HOSPITAL, 2d Avenue and 17th Street, New York City, offers a three months' course in Obstetrical Nursing to graduates of recognized schools. This course may include service in the Visiting Nursing Department, if so desired. Full maintenance and \$10.00 per month.

Affiliations may be made by accredited schools for a very thorough three months' course in Obstetrical Nursing, including class work and lectures by the doctors. For further information, address Directress of Nurses.

THE ELIZABETH STEEL MAGEE HOSPITAL offers a Post-Graduate Course in Obstetrical Nursing to graduates of hospitals giving not less than a two years' course. This course comprises practical and didactic work in the hospital and practical work in the Out-patient Department. A certificate is given on completion of the course. Board, room and laundry are allowed and an allowance of \$20.00 per month is given.

Affiliations are desired as follows: Affiliations with accredited training schools for a two months' course in obstetrics with didactic and practical instruction. Students must have had surgical training previous to entering. Board, room and laundry are allowed and an allowance of \$10.00 per month is given. For further information address Superintendent of Nurses, Elizabeth Steel Magee Hospital, Pittsburgh, Pa.

THE NEUROLOGICAL INSTITUTE, New York, offers a six months' Post-Graduate Course for nurses, thorough instructions in the conduct of nervous diseases, including the application of water, heat, electricity, suggestion and re-education as curative measures. \$30.00 a month will be paid together with board, lodging and laundry. Application to be made, MISS G. M. DWYER, R.N., Supervisor of Nurses, 149 E. 67th Street, New York.

Powder Baths

AMOLIN is better than talcum for powder baths. In addition to soothing the patient with its fresh, cool softness, it absolutely destroys all odors, heals and refreshes, without closing the pores or stopping perspiration. Sprinkled between sheets and pads, it destroys sick-room odors.

For personal use, nurses find it indispensable in keeping themselves free from the taint of perspiration odors and other odors. Amolin is the one safe and effective deodorant for all uses.

Amolin

*The Personal
Deodorant
Powder*

Amolin comes in two sizes—30c and 60c—at drug and department stores. Send to us for free samples and booklet of uses.

TRAINING SCHOOLS—Continued

**POST GRADUATE TRAINING SCHOOL FOR NURSES,
MANHATTAN EYE, EAR AND THROAT HOS-
PITAL, 210 EAST 64th STREET, NEW
YORK CITY, OFFERS A**

course in special diseases and operating room training of the eye, ear and throat. The course will be both theoretical and practical. Instruction will be given by means of lectures, demonstrations, teaching at the bedside and in the regular performance of duties. The new residence for nurses, which has been occupied since January, 1918, provides separate rooms and excellent facilities for the comfort of the nurses. A registry is maintained for our graduates at the Hospital, and a limited number of graduates who complete the course of instruction may obtain permanent institutional positions. Graduate nurses from recognized schools will be admitted for a term of three months in the Eye Department, three months in the Ear and Throat Department or the combined course consisting of six months.

Remuneration, thirty dollars (\$30.00) per month and uniform. Lodging, board and laundry free. For further information apply to Superintendent of Nurses, 210 East 64th Street, New York City.

Promotes Nutrition

This remarkable power of Liebig Company's Extract of Beef makes it of great value both to invalids and convalescents.

A food of great nourishing value and of easy assimilability is ⅛ to ¼ teaspoonful of Liebig Company's Extract of Beef mixed with ½ pint of milk, once or twice daily. The milk is thus rendered more digestible and much more nutritious.

Affiliated Course

The Affiliated Course prepared for students of schools with limited or no obstetrical service is as comprehensive as the time allowed by the individual affiliating school will permit.

Apply Superintendent, Maternity Hospital
3735 Cedar Avenue, Cleveland, Ohio

Number 4000—(Illustrated)—This youthful, straight-line model is very becoming. It is gracefully cut with pleated back and front. Collars and cuffs are attractive—pockets capacious. Pearl links already in the cuffs. Made of fine quality, sturdy poplin. Sizes, 34 to 46, at \$6.50.

Number 742—Same model in white Devonshire Cloth, with roll-back button cuffs. Sizes, 34 to 46, at \$5.25.

If your dealer can't supply you, write us direct, enclosing money order.

Other models, straight-line or belted, in other materials, at lower prices. Write for booklet. You'll find your favorite style.

On Choosing a Uniform

The nurse who takes special pride in her appearance chooses her uniform with scrupulous care. She insists upon crisp, immaculate fabrics—stylish cut—and careful finish. She recognizes these essential qualities in Queen-Make Uniforms.

For twenty-three years we have been making Queen-Make Uniforms, fashioning them from collar to hem with the strictest attention to little details. The shape of a sleeve, the stitching of a cuff, the hang of a skirt—every item receives our most careful consideration.

Queen-Make Uniforms embody practical features that nurses appreciate. They are sturdily made of pre-shrunk, durable materials, strongly reinforced at the seams so as to give more than ordinary wear. A basted hem makes it easy to adjust the skirt to the proper individual length.

We believe that Queen-Make Uniforms are as nearly perfect as uniforms can be. Their popularity leads us to the opinion that nurses believe so, too. We always welcome, and wherever possible, adopt the suggestions of nurses who wear our uniforms.

Send for our booklet which attractively illustrates the complete line of models.

F. S. Guerber & Co., Mrs. White Plains, N.Y.

A Boon to Nurse and Patient

DR. JUNIOR: "What did you think of Purdy's paper—I suppose you agree with him that Antiphlogistine is the ideal poultice?"

DR. SENIOR: "Antiphlogistine, my young colleague and friend, is vastly more than a mere poultice."

DR. JUNIOR: "You think it replaces the sour-smelling bread-and-milk affair, or the slimy, quickly cooling linseed-meal nuisance——"

DR. SENIOR: "I no longer use those bacteria-breeding cataplasms. To say nothing of the personal appeal of Antiphlogistine, it is physiologically active from the first contact; it is physically clean, convenient and agreeable to the most fastidious patient——"

DR. JUNIOR: "And always available at any drug store."

DR. SENIOR: "Exactly—Antiphlogistine may safely be called our most scientifically satisfactory method of applying moist heat to an inflamed part and maintaining it. Most patients, when it is properly applied, either soon go to sleep, or say how comfortable it is."

DR. JUNIOR: "I suppose I can get a reprint of Dr. Purdy's Paper?"

DR. SENIOR: "The Antiphlogistine company will probably have excerpts of the article."

Youth is Flexible

Action is Free and Joyous
when the feet are strong and supple!

A swift, spontaneous move! That's the test of youthfulness—and of the soundness of your feet. For, if your feet are hampered by shoes that do not flex, you can't move freely and gracefully.

Women who wear Cantilevers feel like walking, dancing, swimming and playing golf. Theirs is the joy of spontaneous action. They stay young because they feel young.

The Cantilever Shoe induces the free and natural grace of carriage that diminishes fatigue and increases your youthful vigor. Frederic H. Robinson, editor Medical Review of Reviews, says: "A beautiful carriage is an enviable gift. No young or older woman can ever keep youth in her limbs if she artificially cramps their natural play."

You will like Cantilevers. The curved arch is flexible like the arch of your foot. They have the smart medium heel and trim rounded toe of fashion. In them you do not sacrifice good looks for comfort.

All Cantilever Shoes are trade-marked for your protection. Prices are reasonable. Except in New York there is only one dealer in each town.

Cantilever Shoe

What Antiseptic Do You Use?

CHINOSOL

is stronger than Bichloride of Mercury—is non-poisonous—is most effective—does not hurt the hands—leaves no odor—is a safe antiseptic for every nurse to use on all occasions—comes in tablet form—can be carried in one's purse—is instantly ready for use in emergency—can be used both internally and externally.

Let us send you our book of interesting clinical reports and a trial package of Chinosol tablets to test its remarkable antiseptic quality.

Hot Weather

is always trying to the elderly and debilitated. Fortunately, however, when these patients begin to show the ill effects of Summer heat by a loss of appetite, impaired digestion, frequent attack of bowel trouble, weak and shaky nerves—and a real "heat exhaustion" threatens, many physicians have learned to rely on

Gray's Glycerine Tonic Comp.

Two to four teaspoonfuls in iced water, or on cracked ice, before meals will afford needed support, prevent the depression of bodily functions, and help the aged and weak to withstand the enervating tendencies of hot, sultry weather.

Dilatation and Spasticity

Diseased Colon, darkest portion shows dilatation; arrows indicate spastic condition.

A COMMON form of intestinal constipation is dilatation and spasticity of the colon.

A prominent medical authority states that laxatives of all sorts increase the spasticity of the intestine. Whereas, liquid petrolatum lubricates and protects the sensitive surface of the spastic bowel, at the same time softening the intestinal contents so as to permit passage through the bowel without mechanical irritation.

Nurses can administer Nujol with every confidence in its suitability to all forms of constipation. The action of Nujol closely resembles that of the natural lubricating mucus secreted in the bowel, which is deficient when constipation exists. Nujol takes its place, lubricates the bowel contents and so assists their expulsion from the body. As Nujol is not a laxative it cannot gripe. And like pure water it is harmless and pleasant. Nujol is prescribed by physicians and is used in leading hospitals throughout the world.

Send for nurse's sample and special 16-page booklet, "On a Case", to Nujol Laboratories, Standard Oil Co. (New Jersey), Room 763, 44 Beaver Street, New York.
